# Lali Rathod
## Quality Analyst
Indore, MP | 9294685512 | lalirathod05504@gmail.com | linkedin.com/in/lali-rathod-3360b2225

## CAREER SUMMARY

Dedicated and detail-oriented Quality Analyst with over two years of experience in manual testing. Adept at identifying and documenting defects, ensuring the delivery of high-quality software products. Proficient in creating and executing detailed test plans, test cases, and test scripts. Strong analytical and problem-solving skills with a proven track record of collaborating effectively with development teams to enhance product quality. Committed to continuous learning and adapting to new testing methodologies and tools.

## SKILLS AND STRENGTHS

Experience in Manual Testing Skills.

- Well versed with the Agile and SDLC.
- Good understanding of Software Test Life Cycle.
- Very Good knowledge in Functional, Non-Functional and System Testing.
- Good knowledge in Regression Testing, Black Box and White Box Testing.
- Extensive knowledge in writing Test Cases, Executing Test Cases.
- Having Basic knowledge in Bug Life Cycle.
- Having experience in Report testing
- Experience in database testing
- Experience in Power BI report testing
- Experience in Jasper report testing

## TESTING APPROACH

- Manual Testing, Regression Testing, Automation Testing (Selenium)
- Negative Testing, Functional Testing, Web and Android/Ios Testing
- Database: Knowledge of SQL, API testing in Postman
- Bug reporting tool: yojaka, Jira
- Project Management tool: Monday board

## PROJECTS

- Domain :  HRMS and CRMS
  I Tested HRMS and CRMS systems, Writing Test requirements, Test cases. My role involved designing and implementing solutions to streamline human resource and customer relationship management processes, ensuring efficiency and scalability.

**Technologies Used:**

- **Programming Languages:** C#, JavaScript
- **Databases:** SQL
- **Frameworks:** Vue.js, ASP.NET
- **Tools:** Power BI, Jasper Reports
- **Additional Knowledge:** Basic understanding of Azure Websites

- Domain : Healthcare
  As a Tester, I spearheaded healthcare projects, providing Revenue Cycle Management (RCM) and Laboratory Management System (LMS) solutions. I tested Power BI tools and Jasper reports, enhancing operational efficiency and decision-making in healthcare settings.

  As a Quality Analyst in the healthcare domain, I focused on ensuring the quality and reliability of healthcare software systems. My role involved creating and executing test plans, identifying and documenting defects, and collaborating with development teams to resolve issues. By conducting thorough testing, I aimed to enhance operational efficiency and decision-making in healthcare settings, contributing to improving the overall user experience and maintaining high standards of patient care and data integrity.

**Technologies Used:**

- **Programming Languages:** C, C#, JavaScript
- **Databases:** PGSQL, SQL
- **Frameworks:** Vue.js, ASP.NET
- **Tools:** Power BI, Jasper Reports
- **Additional Knowledge:** Basic understanding of Azure Websites
